## Labor Troubles Abroad

The Strike at Southampton  
Growing Serious.

RIOTING HAS BEEN RESORTED TO

Troops Called Out and a Charge Made  
With Fixed Bayonets—Many of the  
Rioters Wounded and a Number of Sol-  
diers Hurt—Other Foreign News.

LONDON, Sept. 10.—The striking  
dockers, coal porters, sailors and firemen,  
at Southampton, are acting in a  
disorderly manner, yesterday they pre-  
vented several trains from being run,  
and obstructed the dock gates so that  
the officials could not enter. Two com-  
panies of infantry have arrived and  
cleared the railway tracks. The strik-  
ers attempted to break through the line  
of soldiers, driving cab horses into  
them, but the troops charged with  
bayonets and dispersed the mischie-  
makers.

A little later the crowd of strikers  
and idlers, having largely increased in  
numbers, attacked the military with  
stones. Several of the soldiers were  
injured, two quite badly, and a lieuten-  
tant had the bridge of his nose  
broken. The mayor appeared on the  
scene and read the riot act, whereupon  
a section of the rioters proceeded to the  
mayor's place of business and attacked  
the building, breaking windows with  
stones and doing other damage.

Meanwhile full ammunition of twenty  
rounds was served out to the soldiers,  
and the crowd having ignored a final  
order to disperse, the commander ordered  
a charge with fixed bayonets. Many of the rioters were wounded by  
the bayonets and a number of the sol-  
diers were badly hurt by the stones and  
other missiles flung by the crowd before  
the street was cleared. The town is  
greatly excited, and further trouble is  
expected.

France's Sanitary Condition.

PARIS, Sept. 10.—A report issued by  
the board of health says the sanitary  
condition of France is excellent. The  
situation in Spain, where cholera has  
prevailed, is slightly improving. All the  
French quarantine stations are working well, and the measures against  
the introduction of cholera by pilgrims  
from Mecca have been successful.

Two Days in Venice.

BERLIN, Sept. 10.—Emperor William  
will stay two days at Venice as the  
guest of Austrian emperor, after the  
imperial pair have finished hunting in  
Styria.

THE TRAIN WRECKERS.

Nothing New Developed in the Albany  
Sensation.

ALBANY, Sept. 10.—The story current  
as the facts in the case of the wreckers  
of the Montreal express is losing its an-  
nounced solidity based on facts. The  
Central road has no definite knowledge  
of how many men wrecked the train.  
Of the three men under arrest the only  
one against whom there is any evidence  
is Kiernan. The road claims to have  
confessions from Reed and from Cor-  
dal, but the claim is made in the hope  
of getting Kiernan to squeal in return.

The habeas corpus proceedings of the  
knights have come to grief. Counsellor

McDonough was absent from the city  
yesterday and Mr. Nevitt, who had  
charge, got out the wrists. Reed being  
voluntarily a prisoner, no writ could be  
issued in his case, and the papers read  
for Kiernan and Cordeal, "Why were  
they not served?" was asked Master  
Workman Lee last night. "Well, we  
found that they had taken Cordeal to  
Troy and so we thought we would wait  
until the examination," he answered.

At the examination before a Troy judge  
there will be present Master Workman  
Lee, Master Workman Dulyn, Counsellor  
McDonough, and perhaps Roger A.  
Pryor for the prisoners. The railroad  
officials and Mr. Robert A. Pinkerton  
will also be there.

MINNESOTA DEMOCRATS.

ST. PAUL, Sept. 10.—The Democratic  
convention was very harmonious yes-  
terday. The platform adopted ex-  
pressed hostility to the protective tariff  
and the McKinley bill. Hon. Thomas  
Wilson, Dr. Ames, E. W. Durant and  
S. M. Owens were put in nomination  
for governor. The latter two withdrew  
and the first ballot resulted in 365 for  
Wilson and 104 for Ames. Ames then  
retired and promised his support to  
Wilson in the campaign. Wilson's nomina-  
tion was then made unanimous. E. G. Pohl  
was nominated by acclamation  
as the candidate for lieutenant gov-  
ernor.

Testing a New Law.

FAR ROCKAWAY, N. Y., Sept. 10.—  
The new secret ballot law underwent  
its first test in this city at the election  
yesterday. The voting passed off  
smoothly except in a few cases where  
men had to be shown how to fold their  
ballots properly. Three men were de-  
barred from voting because of their in-  
ability to read or write, though they  
had voted in the township for years.

3 Negro Row.

DENVER, Col., Sept. 10.—A party of  
negroes became in a general row over a  
game of "craps" in a saloon in Elyria  
yesterday, and in the melee Thomas  
Ruckner was shot dead, Orma Jackson  
and Charles Harris were badly wounded  
and several others severely slashed  
with razors.

Returns from Maine.

LEWISTON, Me., Sept. 10.—The Journal  
has returns from 255 towns for gov-  
ernor which give Burleigh, 52,150;  
Thompson, 35,388; Clark, 1,844; scatter-  
ing, 208. Republican plurality, 16,763;  
same towns in 1886, the last "off" year,  
gave a Republican plurality of 12,721.

## NO CAUSE ASSIGNED.

A Cincinnati Couple Foiled in Their At-  
tempt at Suicide.

CINCINNATI, Sept. 10.—A sensational  
and tragic attempt at double suicide  
was made here Tuesday evening. The  
despairing couple was man and wife.  
Their attempt was only partially suc-  
cessful the husband being dead, but the  
wife was discovered in time to resuscitate  
her. Frank Dickerson and wife live at  
40 Lynn street, and Dickerson is a  
pattern-maker by trade and his wife  
attends to a small confectionery store in  
front of their residence. Trouble over  
their business affairs is believed to have  
been the cause of the rash attempt.

They retired to their bed room Tues-  
day afternoon, leaving a young daughter  
in charge of the store. Not reappear-  
ing at 8 o'clock, the child went into  
the room and found her parents  
stretched upon the bed, the father cold  
in death. The mother was in a stupor.  
They had sat rated clothes in chloro-  
form, laid down upon the bed and  
spread the cloths over their faces. Mrs.  
Dickerson is out of danger. She refuses  
to assign any reason for the rash at-  
tempt.

Delaware Republicans.

DOVER, Del., Sept. 10.—The Repub-  
lican state convention met in the court  
house hall yesterday and nominated  
candidates for governor and congress.  
It was expected that the convention  
would be brief, harmonious and enthu-  
siastic, because there was no opposition  
to the candidates and they were named  
by acclamation, but much time was  
spent by the committee on resolutions  
in framing a platform. The bone of  
contention was a resolution endorsing  
the course of Senator Higgins, who had  
many enemies in the convention. The  
nomination for governor was conceded  
to Kent county, and in the caucus in  
the morning the delegates from that  
county unanimously selected Harry  
A. Richardson, of Dover. Sussex  
county was given the congressional  
nomination a name Henry C. Cannon,  
of Bridgewater. James C. Penne-  
will, chairman of the state central com-  
mittee, called the convention to order at  
12:40 o'clock.

Kentucky Constitutional Convention.

FRANKFORT, Ky., Sept. 10.—Cassius  
M. Clay was elected permanent chair-  
man of the constitutional convention on  
the twenty-ninth ballot yesterday. H.  
D. McHenry, Bennett H. Young and J.  
Proctor Knott also were candidates.  
Thomas G. Hart was elected secretary  
of the convention; J. B. Martin, assis-  
tant secretary; Robert Tyler, sergeant-  
at-arms; R. T. Haley, doorman; Clar-  
ence Walker, stenographer, and Polk  
John, official printer. The convention  
adjourned at 3 p. m. until 10 to-day.  
Resolutions with reference to the com-  
mittee on rules and contests will be  
taken up the first thing.

Site Selected for the World's Fair.

CHICAGO, Sept. 10.—The directors of  
the World's Fair association, at a meet-  
ing held late yesterday afternoon, se-  
lected the dual site of the lake front  
and Jackson park as the place for locating  
the great exposition. The final and  
decisive ballot resulted: Lake front and  
Jackson park 33; North Side, 4; West  
Side, 8. The choice was then made  
unanimous. It is designed to place the  
grand entrance to the exposition and the  
buildings for fine arts and kindred dis-  
plays on the lake front, and the agricul-  
tural, live stock and other exhibits  
at Jackson park.

An Eight-Round Fight.

ST. JOE, Mo., Sept. 10.—Jim Hightower,  
of Minneapolis, and Harris Martin,  
of El Paso, Tex., fought eight  
rounds with three ounce gloves in the  
Amphitheatre, at Wyatt park, last night,  
in the presence of 1,000 people for a  
purse of \$500. The fight was lively and  
almost even up to the third round, when  
Hightower broke his right thumb on  
Martin's head. When the ninth round  
was called, Hightower was unable to  
respond to the call of time. The fight  
was the best ever witnessed here.

Agreed on Rate.

NEW YORK, Sept. 10.—The passenger  
committee of the Trunk Line associa-  
tion at a regular meeting yesterday  
made a rate of \$1 per train mile for  
the 250 persons who are coming from Great  
Britain to represent the Iron and Steel  
Institute of Great Britain at the conven-  
tion to be held in Pittsburgh in October.  
At the conclusion of the convention the  
delegates will visit the iron and steel  
industries of the south.

Fatally Beaten by Tramps.

WARSAW, Ind., Sept. 10.—James McGuire,  
an old man living in East Warsaw,  
was waylaid, robbed and terribly  
beaten by two men, supposed to be  
tramps, at an early hour Sunday morn-  
ing. He was then dragged into a field,  
and placed under a corn shock, where  
he was found about midnight by a party  
of neighbors who were searching for  
him. He will die. No clew to the per-  
petrators of the deed.

Contract Breakers Not Wanted.

BUFFALO, Sept. 10.—Capt. Comisky,  
of the Chicago Players' team, denies  
the story telegraphed from Rochester  
that he was trying to get McCarthy and  
Fuller, of the St. Louis team, to desert  
that club and sign with him. He says  
he will have no contract breakers in his  
team, as they would be likely to serve  
him the same trick.

Heavy Rain Fall.

SAN ANTONIO, Tex., Sept. 10.—During  
last night one of the heaviest rain falls  
of the year occurred here. The river  
rose three feet. The down-pour was  
general for more than a hundred miles  
in each direction. The rain was accom-  
panied by some wind, but no great dam-  
age was done.

Mad Saloon Keepers.

LIMA, O., Sept. 10.—The saloon keep-  
ers of this place are enraged at Mayor  
Longworth because he has ordered that  
all saloons should be closed during the  
fair, now in progress.

## Powderly in Oswego.

He Addresses a Mass Meeting  
of Workingmen.

## PRINCIPLES OF THE KNIGHTS.

A Review of the Principles of the Knights  
of Labor by the General Master Work-  
man—Other News Relating to Strikes  
and Labor Troubles.

OSSWEGO, N. Y., Sept. 10.—General  
Master Workman Powderly addressed  
an immense mass meeting here last  
night. He was received with great en-  
thusiasm by the Knights of Labor and  
escorted to the hall amid a blaze of red  
fire. Mr. Powderly reviewed and ex-  
plained the principles of the knights.

He referred to the Central strike, con-  
demning the corporation for its cause  
and asked suspension of judgment regard-  
ing the men arrested for wrecking  
trains until they could be heard and tried.

He declared that a law should be  
enacted that would prevent a corpora-  
tion from doing anything to precipitate  
a strike or laborers from striking  
until both sides could be heard and  
passed upon by a board of arbitration  
authorized to act.

Mr. Powderly declared that the tele-  
graphic report that 10,000 glass blowers  
would leave the order was false, and  
that there was absolutely no foundation  
for the story. Mr. Powderly expressed  
friendship for the Brotherhood of Loco-  
motive Engineers, and said the days  
were coming when the Brotherhood of  
Engineers, Firemen, the Knights of  
Labor, and all others would clasp hands  
in their own defense, and in behalf of  
their homes and their families.

Dissatisfied With Powderly.

NEW YORK, Sept. 10.—A Pittsburg,  
Pa., special to The Herald says that a  
rumor prevails there among labor men  
that in the event of the re-election of  
General Master Workman Powderly,  
local assembly No. 300, window glass  
workers, will leave the Knights of Labor.  
The principal causes of dissatisfaction  
are said to be the mismanagement  
of the Central railroad difficulty,  
and too lavish expenditure of money by  
the general officers of the order, espe-  
cially in the matter of salaries.

Strikers Surrender.

WACO, Tex., Sept. 10.—The strike of  
the switchmen and brakemen on the St.  
Louis, Arkansas and Texas railway ended  
last night by an unconditional sur-  
render on the part of the strikers. All  
freight trains are moving as usual, and  
such strikers as were not violent have  
returned to work.

Wanted a Reward.

BOSTON, Sept. 10.—William F. Mur-  
dock, the 19-year-old lad who claimed  
to have discovered a rail placed across  
the track of the Boston and Maine rail-  
way, near Lynn, late Monday night,  
and stopped and approaching train,  
warning it of the danger, was arrested  
yesterday and confessed that he had  
himself placed the obstruction on the  
track, though he claims any intention  
of wrecking the train. He says the  
act was done in the hope that his stop-  
ping the train would be rewarded by  
the company. The boy has always been  
of good repute. He will be arraigned  
to-morrow in Lynn.

Important Suit Decided.

BOSTON, Sept. 10.—An important suit  
which has been pending two years in  
the United States circuit court for Mass-  
achusetts has been decided. The Dick-  
son Manufacturing company, of Scranton,  
Pa., sued the Washington Mills company, of Lawrence, for a balance of \$25,000 claimed to be due for a  
steam engine. The Lawrence company  
contended that the engine did not fulfil  
the conditions and refused to pay. The  
case was referred to the engineers, who  
awarded the Dickson company \$26,754,  
and the amount has been paid.

Senator Farwell Out of Danger.

WAUKESHA, Wis., Sept. 10.—Senator  
Farwell, who is at the Fountain house,  
is now declared to be out of danger.  
This morning the senator sat up in his  
room and was in good spirits. Dr.  
Philler, who is attending him, says the  
senator is not suffering from Bright's  
disease. He had an abscess some time  
ago which was lanceated by Surgeon Gen-  
eral Wales at Washington. The abscess  
has been reopened by Dr. Philler, and  
the patient is now making satisfactory  
progress.

A Swindler Killed.

HARRELLESVILLE, N. Y., Sept. 10.—John  
Carpenter, a swindler in the Erie  
yard here, yesterday afternoon in at-  
tempting to ascend a car, slipped and  
fell upon the track, four cars passing  
over him, severing his body in tw

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & McCARTHY,  
Proprietors.

WEDNESDAY, SEPTEMBER 10, 1890.

### Notice to the Democrats of Mason County.

There will be a mass convention held at Maysville court house Saturday, Sept 13th, at 2 o'clock p.m., for choosing delegates to the Congressional convention which meets at Catlettsburg, Sept. 18th.

THOS. J. CHENOWETH,  
Chairman Executive Committee.

HON. CHILTON A. WHITE will have Brown County solid in the coming Congressional convention at Georgetown.

The plain fact of the matter is the Republicans could not afford to allow Speaker Reed to be defeated. His defeat would have been a deadener to the G. O. P.

HON. ROGER Q. MILLS, the distinguished Texas statesman, will spend next Saturday, Sunday and Monday at Lexington, and will go thence to the convention at Catlettsburg.

It is asserted that as high as \$25 a head was paid by Republicans Monday for votes in Speaker Reed's district. As Blocks-of-Five Dudley was summoned to the district a few days before the election, there are good grounds for the assertion.

THE Carlisle correspondent of the Bourbon News says: "John G. Blair is an evangelist, sent out by the Farmers' Alliance and Labor Union to organize, or rather civilize, Mason County." This is a reflection on the farmers and laborers of Mason, and they will likely let Mr. Blair know that they are already civilized.

REPUBLICANS ought to come to some agreement as to that surplus. Some declare there really will be a surplus at the end of the fiscal year, but Senator Plumb, a staunch Republican from a Republican stronghold, asserted no later than last Monday that "the close of the next fiscal year would disclose a deficit of \$50,000,000 in the Federal treasury."

LEMON, the pension claim agent, has become a millionaire in ten years. That he now runs the Pension Office is evidenced by the fact that ten thousand of his claims were "advanced" in one day recently by "Refrigerator" Raum, who has been in charge of the office since Tanner was bounced. A significant fact in this connection is that Lemon admits he endorsed Raum's notes the next day for \$12,000.

A LEXINGTON banker is alarmed at the danger of a financial crash in that city next spring. He estimates that fully \$1,000,000 has been taken from that place since last spring and invested - most of it - in Middiesborough, Harriman, Clay City and other boom towns. If these foolish Lexingtonians had invested half this sum in real estate and the other half in manufactures all right at home, their profits would no doubt have been as great and their own city would have been benefited.

NOTICE-A manufacturing concern now located in Cincinnati, employing eighty people, and in full trade season employs from 135 to 150, and with increased capital would employ from 200 to 250 people, is desirous of locating in some other place where good railroad and shipping facilities can be secured. Propositions from progressive cities or towns will be considered. For further particulars address P. O. Box 539, Cincinnati.

Maysville is just the place this concern is looking for. As fine shipping facilities can be found anywhere are right here. Besides taxes are low, the location pleasant and healthy, living is cheap and there is a rich country to back us.

The fight against Quayism in Pennsylvania waxes warm. Even his own party journals are turning against the Chairman of the National Republican Executive Committee. Here is the way the Philadelphia Daily News, which claims it always has been and still is a staunch G. O. P. journal talks:

The country knows that Matthew Stanley Quay is one of the biggest rascals out of jail. It knows that he is a man whose word is worthless, whose treachery is notorious, whose dissipated habits are a National by-word, and whose selfishness and cowardice are monumental. The country knows that Quay has been charged with accepting bribes, and that he did not refute the charge. It knows that he was a venal legislator and a crooked State Treasurer; and that, after embezzling several hundred thousand dollars of the State's funds, he was only prevented from carrying out his threat of jumping from the third-story window of a Harrisburg hotel or drowning himself in the Susquehanna, by Don Cameron's making good the stolen money.

"This embezzler, M. S. Quay, who now disgraces this Commonwealth by appearing in Washington as one of her United States Senators, has his fingers clutched upon the throat of the Republican party. He is prostituting the party to his own selfish purposes. He is making the name 'Republicanism' synonymous with rascality, lying and stealing; and were there a National election this year, the Republican party would be defeated, because Quay controls its machinery. Unless his grip is broken, the party will be whipped in 1892."

Have the people of Pennsylvania fallen so low that they will vote to endorse such a character? It remains to be seen.

### THAT "GUSHY DIALOGUE."

What the Vanceburg Times Says About the Maysville Republican's Alliance Talk.

That gushy dialogue published in the last issue of the Maysville Republican, as a communication from Vanceburg, lacks about 99% of shooting toward the truth. It says that "Brother-in-law Bullock succeeded in passing a resolution," etc. Bullock had nothing to do with the formation of the resolution and nothing to do with its passage. Ed. Falls, F. R. Wilson and John S. Mavity drafted the resolutions and the delegates who passed them were the same delegates who were elected months ago as members of the County Union. When they were elected no Congressional issue was before them they were simply chosen as delegates to transact the business of the County Alliance. When the Grayson call was made, J. W. Boyd, President of the County Union, issued a call for the delegates composing the last County Union to assemble and select delegates to the Grayson convention. The County Union decided and instructed their representatives, that "it is inexpedient to nominate a candidate for Congress at Grayson." This was done for the great solicitude and acts of the old enemy indicated that he had a trap set to ruin the Alliance before the next race for county officers should take place, and thus let the old gang get back into their accustomed places and the Alliance lose all it had gained in the late "hard-fought battle."

The Alliance is not playing boomerang; we want no club rebounding to break our own heads. Whenever the old partisans want a thing done, it is to our interest to move the other way. They have no love for us that exceeds their love for power, patronage and office. They "will vote for an Alliance man for Congress, if he is a Republican." That is an utter impossibility—an inconsistency—no Alliance man is a Republican; he cannot be. Neither can he be a Democrat. Our platform of principles excludes him from being either. There are more things in our platform in harmony with Democratic principles than there are with Republican principles. But neither harmonize with us, and therefore we have neither nominated a Republican nor endorsed a Democrat. The delegates to Grayson were Alliance men and acted in good faith with the Alliance and in harmony with the delegates from the counties of the district.—Vanceburg Times.

### For the Farmer.

Several crops of wheat have been sold lately in Boyle County at 95 cents per bushel, and many of the farmers are holding for \$1.

Bulletin No. 10 of the Minnesota Experiment Station speaks as follows with regard to the bagging of grapes: "The varieties treated were Delaware, Early Victor and Brighton. The fruit was bagged with paper bags when about the size of small peas. At the harvest the bagged grapes were better in every case than those not bagged, but the most marked difference was with the Brighton, the bunches of which were clean, perfectly colored and the sweetest grape I ever eat. Those exposed were not so good in any way, being very dusty and uneven in ripening. In trials with Concord and Worden and some other varieties the result has been uniformly in favor of the use of bags as a covering." The cost of bagging was estimated as varying from a quarter of a cent to one cent a pound.

The buildings and fences on our fairgrounds are receiving their annual coat of paint and whitewash, which makes them show up snow white. The sale of privileges takes place Saturday. We expect the coming fair to eclipse the previous effort, and with the same general President, W. P. Simon, and same courteous Secretary, J. A. Walton, at the company's head, it couldn't be otherwise.

Charles Martin, who worked for Joe Gallagher in his blacksmith shop here last winter, designed his position and went to farming. Last Saturday, while hanging tobacco for Pete White on his farm near Minerva, he had the misfortune to fall from the fifth tier, by the rail upon which he was standing turning, to the ground. He struck upon his neck and head, and lingered in great agony until Monday morning when he died. He was a widower, and was a hard-working, honorable young man, and made a great many friends while here, who will regret to hear of his untimely death. His remains were interred in the Minerva cemetery Tuesday afternoon.

### Louisville Tobacco Market.

Furnished by Glover & Durrett, proprietors Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to \$3,453 hds., with receipts for the same period of 2,612 hds. Sale-on our market since January 1st amount to \$1,381 hds.

The market for burley tobacco this week has not shown any weakening tendency for good grades in sweet conditions or for color common grades but, common grades without high color and all tobacco out of condition is somewhat weaker, and we find it necessary to change quotations for such. The recent weather condition have been highly favorable for the growing crop and its improvement has surpassed expectations, and with two weeks more of good maturing weather we expect to see more than the usual quantity of good useful tobacco housed, and expect the crop to be deficient in high color.

The following quotations fairly represent our market for burley tobacco:

Trash (dark) or damaged tobacco..... \$ 2.00 @ 8.50

Color trash..... 4.00 @ 8.00

Common lugs, not color..... 4.00 @ 6.00

Color lugs..... 8.00 @ 14.00

Common leaf..... 7.00 @ 9.00

Good to good leaf..... 9.00 @ 16.00

Good to fine fillers..... 16.0 @ 25.00

### THE "CON. CON."

A Permanent Organization Perfected  
Cassius M. Clay President.

The Constitutional convention re-assembled yesterday at 10:20 o'clock.

There was a disposition among some of the members to do a good deal of "talking talk," and sometime was spent in palaver over resolutions and amendments and substitutes thereto in reference to the election of permanent officers, their salaries, &c., &c. Finally it was decided to go into the election of officers, and it was further decided that the hindmost candidate for any office should be dropped after the second ballot.

Hon. Henry D. McHenry, of Ohio County, Colonel Bennett H. Young, of Louisville, Hon. Cassius M. Clay, of Bourbon, and Ex-Governor Knott were placed in nomination for President. The first ballot resulted:

Clay.....	41
McHenry.....	21
Knott.....	19
Young.....	14

Colonel Young's name was withdrawn and the second ballot resulted:

Clay.....	53
Knott.....	21
McHenry.....	21

Mr. Clay was declared elected and assumed the chair as Mr. George Washington vacated it. The Louisville Times correspondent says Mr. Clay thanked the convention in plain and homely words for the honor done him. He thanked them especially, he said, because he had been preferred to such more distinguished and able opponents. He supposed that he had been preferred because he was one of those who fight against monopoly, and protection to the few, against the many. He outlined something of what he supposed would be done by the convention, but urged proper consideration of the wisdom of years, as shown in the existing organic law. He asked forbearance in the future and announced that the convention would proceed to the regular order of business. This was the election of Secretary, and the nominations were announced in order.

C. T. Allen nominated Captain Thos. G. Poore, of the county of Franklin. H. H. Smith named James E. Stone, of Breckinridge, Judge Boles, of Barren, named his county man, Capt. James S. Martin. Result of the first ballot:

Poore.....	45
Stone.....	24
Martin.....	30

Mr. Stone's name was dropped and Captain Poore won on next ballot, receiving 56 votes to Mr. Martin's 44.

For Assistant Secretary, Spencer Cooper, of Wolfe County, and Green R. Kellogg, of Nicholas, was nominated and Captain Martin, who had just been defeated for the chief Secretarship, was also put in the race.

The first ballot resulted: Martin, 46; Keller, 45; Cooper, 8. The second ballot gave Martin 52; Keller, 48, and Captain Martin was declared the Assistant Secretary.

For Sergeant-at-Arms, Mr. Strauss, of Bullitt, nominated Captain Robert Tyler, and Judge Whitaker, of Mason, named Captain Bart Jenkins, of Frankfort. One ballot decided it. Captain Tyler received 54 votes, and Captain Jenkins 44.

President Clay is a prominent farmer of Bourbon County, and has had experience in both branches of the Legislature. He is an able parliamentarian.

Railway Notes.

Mr. W. J. McKee, Assistant Superintendent of the C. & O., has resigned.

The C. & O. is now doing as heavy a passenger business westward as it did eastward last month.

The C. & O.'s business at this point in August amounted to about \$4,000 more than in June—a fine showing for the road and for the agent, Mr. F. E. Janowitz.

The C. & O.'s additional track along Front street is to be put down at an early day. Superintendent Frazier was here yesterday attending to some business in connection with the matter.

The report that engines No. 3, 13 and 23 were smashed up in accidents on the K. C. last week was not correct. The item first appeared in the Covington Commonwealth, and it turns out that that paper was misinformed. "There hasn't been a wreck nor a passenger injured on the K. C. for many months; and the only possible explanation of it is that last week a 'three-backer' engine left the track on the Maysville branch, and was lifted back again the same day without damage," says an officer of the company.

The Bourbon News thinks the U. S. Government will confer a gigantic favor on the public by building postoffice lobbies four hundred feet square, and fill the same with chairs, desks and tables, so as to accommodate the people who stand in front of the boxes and read their letters and newspapers.

Turf Topics.

The pacer, Roy Wilkes, owned by the Calumet Stock Farm, Chicago, who lowered the world's stallion pacing record to 2:08; last week, went a half mile in 1:00. M. E. McHenry has offered to match him against any pacer on earth for \$5,000 a day.

Sunol's entire career has been sensational. As a two-year-old she took a record of 2:18, as a three-year-old she obtained a record of 2:10½, and she holds the four-year-old record, 2:11½.

### "CROSSED OVER THE LINE."

Sudden Death of Mr. George Dodson at An Early Hour This Morning.

Mr. George Dodson died very suddenly at 6:45 o'clock this morning at the family home on East Front street.

He was about as usual yesterday, but late in the day complained to Mr. Q. A. Means of a pain in the region of the heart. This morning some member of his family went to his room to waken him. He was breathing his last, and expired in a few minutes. Heart disease is tributed as the cause of death.

Deceased evidently realized some time since that his end was drawing near. In a talk one day a month or so ago, he said he had "crossed over the line."

Mr. Dodson was in his eighty-second year. He was a native of Anne Arundel County, Maryland, but had been a resident of Maysville for over sixty years. He had been prominently connected with the wholesale grocery business of this city for many years and is widely known.

Deceased married a Miss Curtis, of this county, and to them were born five children—four of whom survive, two sons and two daughters, Mr. Omar Dodson, the grocery merchant, being one of them. His oldest daughter, Mrs. Robert Adair, lives in Bourbon County. His wife died some years ago.

The date of the funeral and place of burial will be announced hereafter.

CLAY MEANS has been lodged in jail at Vanceburg for stealing a horse from Purdon Gilbert, who lives near Concord. The accused was captured Friday at Olive Hill, Carter County, by Dick Harris, of this city.

CAPTAIN TUDOR says Haucke's Reed and Brass Band has not been engaged to play for the soldiers' re-union at Manchester. The parties in charge of the affair have announced that the band will furnish music, but it is simply an advertising scheme of theirs to draw a crowd.

CHARLES MARTIN was housing tobacco on the farm of Peter White near Minerva last Saturday when the rail on which he was standing turned, precipitating him from the fifth tier to the ground. He struck on his head and neck, receiving injuries which proved fatal. He died Monday morning and was buried Tuesday.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnstown, Pa., after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhoea very badly. I got some of Chamberlain's Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be excelled, and cheerfully recommend it." In 25 and 50 cent bottles for sale by Power & Reynolds.

For Sergeant-at-Arms, Mr. Strauss, of Bullitt, nominated Captain Robert Tyler, and Judge Whitaker, of Mason, named Captain Bart Jenkins, of Frankfort. One ballot decided it. Captain Tyler received 54 votes, and Captain Jenkins 44.

## "A Deed of Devils."

Comments on the Strike on the Central Railroad.

### OPINION OF THE WRECK.

The Whole Affair Summed Up by the Philadelphia Knights of Labor Paper. The Recent Wreck and Its Effect Upon the Strikers.

PHILADELPHIA, Sept. 10.—This week's Journal of the Knights of Labor under the caption of "A Deed of Devils," will say: The wrecking of a passenger train on the New York Central railroad Friday has filled the public mind with horror. Nothing more fiendish has been recorded in criminal annals. The almost miraculous fact that no lives were lost does not lessen the hideousness of the crime, and if, as is devoutly to be hoped, the perpetrators can be discovered the only regret will be that the penalty which the law provides is altogether inadequate. What prospect there is of bringing the perpetrators of the crime to justice we cannot tell. Mr. Webb says he has a clew. Let us hope he has, but Mr. Webb has not been noted recently for truthfulness. Still it seems hardly possible that a crime so horrible could be committed without some trace of its perpetrators being found.

That professional procurer of assassinations and subornate of perjury, Robert Pinkerton, and that employer and applaudier of assassins, Mr. Webb, do not hesitate, in the absence of the pretense of evidence to assert that the crime is chargeable against the strikers and the former adds that he has evidence that some one high in the councils of the Knights of Labor instigated the deed. Knights of Labor could afford to ignore the statements of these men. Pinkerton's tongue can injure the character of no one, while Webb's untruthfulness, even when restrained by the solemnity of an oath, has been abundantly demonstrated, but while we need care little for what the Pinkertons and Webbs may say it is of the utmost importance to us what the public may believe or even conjecture, and no good end will be served by closing our eyes to the fact that, however unjustly, a certain measure of suspicion rests in the public mind upon the strikers.

"When we consider that the officers of the knights on the platform and at private meetings of their men and by printed circulars, have over and over again implored the strikers and their sympathizers to refrain, no matter what the provocation, from even the appearance of violence or injury to property, and when we consider that the cause of the men would be certain to suffer if property were destroyed or injured, we cannot believe that any Knight of Labor was concerned in the devilish deed, but for all this, it is useless to utter, deny or ignore the fact that there is in the public mind some suspicion that strikers or sympathizers with the strike, are the guilty parties. What is the duty of Knights of Labor then? Clearly to do everything within their power to assist in the discovery of the culprits. If, as we believe, it turns out that no member of the order is among the guilty ones, then the strikers will be cleared of even a doubt.

"If on the contrary it should be proven that any Knight of Labor is implicated, none are more interested than the members of the order in clearing themselves of all suspicion of sympathy with lawlessness and crime, by assisting in bringing the perpetrators to justice. Ours is not a criminal organization, and it cannot afford to harbor criminals. Let us urge upon the men on strike and all who sympathize with them to do everything in their power to assist the authorities in ferreting out the fiends in human form who have been guilty of this deed of devils."

### A YOUNG GIRL'S STORY.

Several Arrests Made and More to Follow.

PITTSBURG, Sept. 10.—Last week Miss Martha Gildchrist, a 15-year-old daughter of respectable parents residing at Mossside, visited the city. She formed the acquaintance of a man and accompanied him to a hotel in East Liberty, where she says he outraged her person and then deserted her. In her wanderings she was picked up by a number of mill workers and repeatedly outraged.

Escaping from them, she fell in with a fishing club, camped alongside of the Monongahela river, and was again repeatedly outraged. She then sought police protection and reported her city experience. An investigation of her story resulted in the arrest of the men. The detectives are searching for four others on the same charge. The first man to assault the girl is the father of twelve children. Among the others arrested is a policeman and several married men respectably connected.

### Lumber Mill Burned.

MUSKEGON, Mich., Sept. 10.—The Michigan Shingle and Lumber company's mill, the largest on the lake, burned yesterday. A million and a half feet of lumber and \$20,000,000 shingles also burned, with the docks and sips. The mill was valued at \$100,000, and the loss on the lumber and shingles is \$50,000, making the total loss \$100,000. Insurance, \$50,000. A. C. Soper, of Chicago, is one of the principal stockholders.

### Sailed Under Another Name.

LINCOLN, Neb., Sept. 10.—Allen Irvin, a young man in the employ of The World-Herald, committed suicide yesterday by shooting himself through the heart. From papers found, it is believed that his real name is Matthew Hanckins, and that he was in hiding, having killed a man at Bloomington, Ill., July 4, 1884.

### Hotel Burned.

SEDALIA, Mo., Sept. 10.—The Grande hotel was destroyed by fire at a late hour last night. The house was full of guests at the time and many had narrow escapes, but all succeeded in reaching places of safety. The fire originated in a laundry adjoining the hotel. Loss, \$15,000.

### RENOUNCED CATHOLICISM In Order to Wed a Jewess—Stoned During the Ceremony.

NEW YORK, Sept. 10.—There was a wedding in Brooklyn Sunday night which created a sensation and disturbance. The contracting parties were James Kennedy, a coach driver, a Roman catholic, and Lizzie Isaacs, pretty little Jewess. Kennedy met Miss Isaacs and fell in love with her. She reciprocated and they became accepted lovers, but her parents objected on the ground of religion. Then, after some persuasion, Kennedy renounced the Catholic church and embraced the Hebrew faith.

After the necessary probation he was accepted and the marriage took place on Sunday at the bride's residence. While the ceremony was being performed there was mashing of glass and a couple of big stones fell among the guests. These were followed by more missiles until hardly a whole window pane was left. The ceremony went on nevertheless, and in the meantime word was sent for the police. A number of officers arrived on the scene and dispersed the crowd. Kennedy's friends are indignant at his giving up his religion.

### MAIDENS FIGHT OVER A LOVER.

The Object of Their Affections Disgusted Thereat Shakes 'Em Both.

NEWARK, N. J., Sept. 10.—Mary Herbert and Mabel Brown, daughters of prominent residents of Pleasantville, N. J., fought a prize fight in a sixteen-foot ring which was pitched in an old barn in the outskirts of that village at 3 o'clock Sunday morning. The cause for the fight was rivalry in the attentions of a young man named George Woodward.

Thirty-eight rounds were fought, in which both girls were severely punished, but neither had the advantage. The contest was declared a draw. The combatants were stripped to the waist, and every part of their body exposed to view bore traces of punishment. The referee, seconds and spectators were all females and friends of the principals. Woodward has since declared that he will have nothing to do with either of the girls.

### CENSUS CASES TO BE INVESTIGATED.

MINNEAPOLIS, Sept. 10.—The United States grand jury has now taken hold of the census cases, and will investigate the alleged crookedness in Minneapolis and St. Paul. Subpoenas are out for almost all the enumerators in both cities and also for a number of Bohemians and Swedes, whose names are said to be duplicated.

### HOUSE AND SENATE PROCEEDINGS.

WASHINGTON, Sept. 10.—The house spent the entire day filibustering over a proposition to take up the Langston-Venable election case from Virginia.

In the senate the Aldrich reciprocity amendment to tariff bill was adopted—38 to 29, and the amendment of Mr. Plumb for the appointment of a permanent customs commission of five, to investigate the tariff question, was agreed to—31 to 29. The bill was ordered to an engrossment and third reading—38 to 29—a strict party vote, and the senate, after a brief executive session, adjourned.

### PROHIBITION CONVENTION.

CONCORD, N. H., Sept. 10.—The Prohibition state convention assembled here yesterday. Dr. Knowles, of Tilton, was chosen temporary chairman. In his address, Dr. Knowles referred feelingly to the death of Gen. Fiske. Discussing the questions confronting Prohibitionists, he said that he was not one of those who anticipate an immediate victory over the saloon power. It will require the hearty union of all minds to remove the evil. It demands wise leadership and possibly loss of blood and treasure before the colossal iniquity shall be finally subdued. Mr. Chase, for the committee on resolutions reported a series of resolves pledging loyalty to the National Prohibition party.

### A FATHER ASSASSINATED.

DALLAS, Tex., Sept. 10.—Daniel Dougherty, a wealthy farmer, living about sixteen miles from here, was assassinated about 9 o'clock last night while reclining on a sofa in his house. ### JUMPED EIGHTY FEET.

PITTSBURG, Sept. 10.—A drunken man of this city, on a wager of \$1, offered to jump from the tallest steeple in the city. He fortunately didn't attempt the feat, but he jumped into the Monongahela river from a bridge eighty feet high. In descending, he turned over once or twice. He alighted first on the water, and after floundering around awhile, he was brought ashore. As usual with drunken men, he was un-hurt.
